## **Skilled Nursing Facility Visitation**

**The LCCNR requests that all visitors be vaccinated against COVID. Vaccination is requested, but not required.**

**Due to the increased COVID19 positivity rate in our county, we strongly encourage visitors to be tested before entering the building. Rapid testing is available at the CNR for you, please let us know if you would like to be tested.**

- All visitors must pass the Center's COVID-19 screen prior to entry and comply with PPE / Infection Prevention requirements.
- Hand hygiene is to be performed frequently while visiting the CNR. Hand sanitizer is conspicuously stationed throughout the facility.
- Visitors are to limit their interactions with others in the facility and surfaces touched.
- Visits are restricted to the resident's room or other location designated by the facility.
- Visitors must maintain at least six feet from others in the facility and wear a face mask during the duration of the visit within the facility.
- Visitors may only use the central A1 and A2 elevators.
- Our café, is not open for visitors at this time.
- All visitors must adhere to the visitation guidelines in place for the safety of our residents. Visitors who fail to adhere will be asked to leave the facility.

**Currently the Center is in outbreak testing. In-Person visits are required to occur outdoors** – Coordinated through the Activities Department

- Outdoor visitation can occur with a maximum of 5 family member's participating at one time. Vaccinated and unvaccinated family members will not be required to wear a mask when outdoors but will need to continue to follow social distancing guidelines of six feet.
- Residents in quarantine are not able to visit outside until quarantine period is completed.

**Compassionate Care Visitation** – Coordinated through the Activities Department

- Scheduled in advance with Activities department.
- Visiting hours are 9am-9pm 7 days per week.
- In order to maintain a social distance of six feet, indoor visitation can include two visitors per resident at one time unless special accommodations are approved.

- During the screening process, visitors who are fully vaccinated may show proof of vaccination. They will be provided with a dated colored wrist band. This wrist band is used to identify visitors who when visiting in a resident's room alone, may remove their face mask and have close contact (including touch) with the resident. (Visitation happening in other designated areas must wear face mask during entire visit)
- Visitors must sign out at front reception desk before leaving.

**Outings** – Coordinated through the Social Work Department

- Social Work coordinates with Therapy Department personnel to ensure that resident is safe to transfer into private vehicle, if no wheelchair-accessible transport has been arranged for.
- Social Work communicates with Nursing Department to ensure that all medical needs are considered for outing duration.
- Person picking up for outing must complete Family Outing Form at the time of pick-up.

**End-of-Life Visitation** – Coordinated through the Social Work Department.

- Reserved for end-of-life situations, as deemed appropriate by medical staff.
- Scheduled in advance with the Neighborhood Social Worker during business hours (8am-4:30pm Mon-Sat), or with Charge Nurse outside of business hours.
- In order to maintain a social distance of six feet, end of life visitation can include two visitors per resident at one time unless special accommodations are approved.
- Visitors must sign out at front reception desk before leaving.
